Annual Flu Vaccination

Dear Parents and Carers

We are coming to Manor Junior School on **Thursday the 19th of November** to give pupils their annual flu vaccination and would like your consent to vaccinate your child.

It's important to let us know whether you do or do not want your child to have the vaccination. It will take less than 5 minutes to respond using the link below.

Flu Vaccination Form:
https://www.hiowhealthcareimmunisations.co.uk/Forms/Flu?schoolcode=SH116146

Please respond by **Tuesday the 17th of November**

If you cannot use the online form, you can respond over the phone using the contact details below.

About the children's flu vaccine

The vaccine protects against flu, which can cause serious health problems such as bronchitis and pneumonia. It is recommended for children from Reception to Year 11 every year.

Find out more about the children's flu vaccine on NHS.UK

You can also find a range of information resources about the vaccine on GOV.UK, including in other languages.

How the vaccine is given

Most children are given the vaccine as a nasal spray. This is a quick and painless spray up the nose and offers the best protection against flu.

The nasal spray contains a small amount of gelatine derived from pigs (porcine gelatine). If your child does not use gelatine products, or cannot have the nasal spray for medical reasons, you can choose an alternative injected vaccine that has no gelatine or any other animal product. You can request this in the consent form.

Find out more about the use of gelatine in the flu vaccine (including the views of faith communities)
